Code to Replicate a file 50 times in a folder:

```python
import shutil
import os

file = os.path.realpath('C:/Users/sukhm/Desktop/securelab3/test.txt')
for x in range(1,51):
    shutil.copy(file, 'test(%s).txt'%x)
```

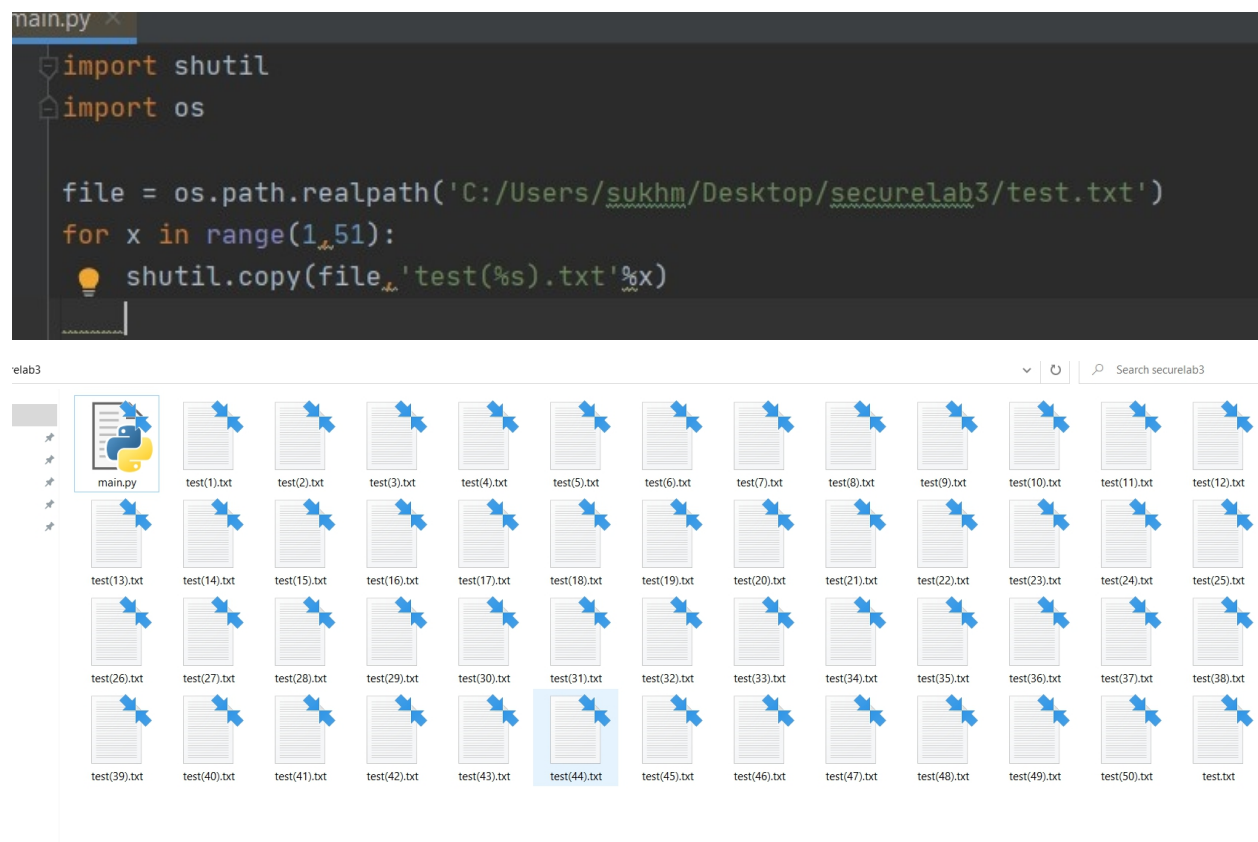

Locating Replicated Files:

```
C:\Users\sukhm>dir test(*).txt/s
 Volume in drive C is OS
 Volume Serial Number is 7C64-DEDE

 Directory of C:\Users\sukhm\Desktop\securelab3

22-02-2021  21:02                    0 test(1).txt
22-02-2021  21:02                    0 test(10).txt
